One of these two courses:

- Psy 314* Psychological Assessment
  - Course Description: Principles of assessment applied to the measurement of individual behavior and to programs intended to affect behavior. Includes interviews, tests and other methods.

- Psy 315* Principles of Psychological Testing
  - Course Description: Principles and practices of group and individual testing in the fields of intelligence, aptitude, achievement, personality and interest. Emphasis on the evaluation of tests as measuring devices, their applicability and limitations.

One of these three courses:

- Psy 351* Social Psychology
  - Course Description: Study of individuals and groups as they are affected by social interactions. Topics may include social cognition, attitudes and persuasion, social influence, interpersonal perception and attraction, aggression, altruism, and group dynamics. Not open to students with credit in SOC335I.

- PSY 381* Introduction to Industrial/Organizational Psychology
  - Course Description: Introduction to theories, methods, findings, and applications of industrial-organizational (IO) psychology. Topics covered include job analysis, employee recruitment and selection, performance appraisal, employee training and development, work stress, teams, satisfaction, motivation, and leadership.

- Psy 453/553* Principles of Group Dynamics
  - Course Description: Behavior in groups w/ attention to such factors as leadership, followership, interaction & influence including organization, management, morale & efficiency. Problems, techniques & methods of investigation.

One of these two courses:

- Psy 332 Human Cognition
  - Course Description: Study of higher-order processes basic to the acquisition of knowledge. Includes thinking, problem solving, creativity, information processing, decision making, judgment, concepts and imagination.

- Psy 333 Psychology of Learning
  - Course Description: Human and animal learning with special emphasis on experimental evidence and techniques.

Important: Applicants must have completed 4 of the 5 prerequisite courses listed above. Students missing more than one prerequisite course at the time of application may be offered provisional admission if they submit an approved plan to take the missing courses prior to admission. *Because these courses are prerequisites for first semester MSIO program courses: PSY 314 or 315, AND PSY 351 or 381 or 453/553 must be taken prior to MSIO program entry.*
